craven arts

INTERESTED IN WORKING IN THE MUSIC INDUSTRY? At Craven Arts House in Skipton, you can learn the skills to work in a recording studio, work with live music, be creative, and promote yourself.

We are looking for a group of 12 keen and enthusiastic 15 to 19 year olds to take part in the Music Rooms project. Over a 4 month period you will learn about recording studio practice, fulfill a performance project with the group, make a collaborative recording of a band song, and create a professional portfolio.

You will receive mentoring from established professionals and take part in a series of learning sessions in:

- Songwriting
- Turntablism
- Music Production (Logic and Ableton)
- Live sound engineering
- Promotion
- Portfolio

The sessions will take place outside school hours, during the holidays and on Saturdays.

Email to info@cravenarts.co.uk with Music Rooms Project in the subject line and we will send an application form.

The small print

- **We welcome young adults from low income backgrounds. This means parents and carers are on a state benefit such as universal credit**
- **Friends and family are encouraged to attend performances**
- **You don't have to perform to take part in this project, as we are also looking for people to take part in organising and engineering**
- **All the learning sessions will take place at the Craven Arts House with DBS checked tutors and staff.**
