

Boro, mending stitch workshop

29th of May from 10:30-4:30pm £85 per person

Join us on our mending journey where we will transform something old into something new.

Throughout the day we will explore: Devore, discharge printing, and sashiko stitching, creating a fabric sandwich of hand dyed silks and cottons.

This gorgeous piece of stitched and manipulated fabric will then be turned into a clasp purse.

All materials will be supplied and we welcome all levels of experience.
